How to Know YOUR BUSINESS GIFT IS MEANINGFUL

Business gifting isn't rocket science - but there are plenty of ways to get it wrong. So how can you be sure you're getting it right? Ask your self these necessary questions before you commit to a gifting strategy.

IS YOUR GIFT APPROPRIATE?

Consider your reason for giving. Holidays are the perfect time to give a meaningful gift, but they're also a bit of a no-brainer. Pay attention to your colleagues, employees, clients, partners, etc. Who among them is celebrating an important milestone, such as a work anniversary or perfect safety record? Such occasions give you the opportunity to step outside the norm and recognize achievements in a meaningful, impactful way.

IS YOUR GIFT ENGAGING?

Nothing is worse than a meaningless, generic gift. Mousepads may be practical, but they fail to send a significant message. Meaningful gifts draw in their recipients. They invite engagement. They don't just sit there. Choose gifts that deliver an

experience. Grill-ready gourmet steaks, concert tickets, cozy pajamas - these kinds of gifts create experiences. And great experiences lead to the meaningful memories you want associated with your business.

IS YOUR GIFT PERSONAL?

What's the difference between coming across kind and coming off kind of lousy? The answer is simple: Personalization. Including a custom message that directly addresses not only the occasion, but also your individual recipients, is a must. Personal messages remind your recipients of their value and help reinforce a sense of belonging. Doubly so if your gift features brand signifiers such as a logo or company slogan. Extra details like these speak volumes.

OMAHA STEAKS®

Why Our Beef IS BETTER

Maximum Tenderness

Your Omaha Steaks are aged at least 21 days, a careful process that creates the most tender steak possible. Then they're flash-frozen to stay that way. The grocery store might try, but they're guessing at your steak's age.

Intense Flavor

The best grain-fed beef is hand selected for quality and marbling...our aging process and flash freezing guarantee great beef flavor in every Omaha Steak. Trust us, you'll recognize it as soon as you take a bite.

True Safety

Guaranteed 100%. You won't find that anywhere else. Omaha Steaks are handled in the cleanest, safest conditions anywhere, and we stand by our work.

Flash Frozen

Freezing beef at home will damage its integrity and make it less juicy! Flash freezing is proven to preserve flavor and texture of your steak perfectly until the moment you're ready to cook.
